- SCI SIG Award for Excellence in SCI Care or Service
- 2022 ANPT Conference- Spotlight on SCI Content

September is Spinal Cord Injury Awareness Month

Your ANPT SCI SIG leadership team would like to thank you for all that you do to serve the SCI community!

SCI SIG Award for Excellence in SCI Care or Service

The Award for Excellence in SCI Care or Service acknowledges and honors a current member of the ANPT Spinal Cord Injury SIG who demonstrates valued contributions to SCI rehabilitation, in either direct patient care, SCI-clinician mentorship, or SCI-team leadership. Nominations may be submitted by SIG members, non-SIG members, workplace colleagues and advisory staff, or self-nomination.

Please see this [nomination form](#) for full eligibility criteria and submission information. **Nominations are due October 14.**

2022 ANPT CONFERENCE

Spotlight on SCI Content

The [2022 Academy of Neurologic Physical Therapy Annual Conference](#) will focus on evidence-based practices and implementation, with an emphasis on patients' and caregivers' perspectives.

 2nd ANNUAL CONFERENCE
ANPT 2022
October 13-15 Minneapolis, MN

Register [here](#).

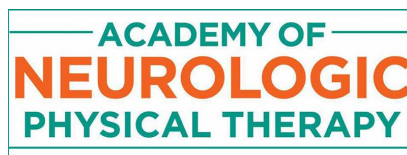

If you are attending, be sure to visit the posters with content relating to SCI:

Thursday:

- Hitting the Target? Achieving optimal cardiovascular intensity for persons with spinal cord injury and stroke (Poster 15)
- Implementing Evidence to Standardize Outcome Measurements in Outpatient Neurologic Physical Therapy: A Case Study (Poster 57)
- Knowledge-to-Action: Implementation of Clinical Practice Guidelines in Inpatient Rehabilitation (Poster 61)

Friday:

- Participation in community-based virtual group exercise: effects on aerobic fitness and quality of life in individuals with spinal cord injury (Poster 8)
- High Intensity Gait Training with Severe Motor Incomplete SCI: A Case Series (Poster 16)
- Blood Flow Restriction and Endurance Training to Improve Sexual Mobility for an Individual with Chronic Incomplete Spinal Cord Injury (Poster 18)
- The use of Blood Flow Restriction Training following Incomplete Spinal Cord Injury: A Case Report (Poster 52)
- Comparing Pre and Post Physical Therapy Core Outcomes after Implementation of High Intensity Gait Training for Chronic CVA, iSCI, and TBI (Poster 58)
